Coding Bits Recognition Application

To,
The Director,
Panjab University Swami Sarvanand Giri Regional Centre,
Hoshiarpur, Punjab, 146023.

Subject: <u>Request for Recognition of My Startup, Coding Bits</u>

Respected Sir,

I hope this letter finds you well. My name is Adarsh Kumar Pandey, a final-year student of B.E. in Computer Science and Engineering at Panjab University Swami Sarvanand Giri Regional Centre, Hoshiarpur. I am writing to formally introduce my startup, Coding Bits, and to request official recognition from our institution.

Coding Bits was established in July 2023 and has grown rapidly with its headquarters in Noida, Uttar Pradesh. Our company has expanded to include a team of 6-7 employees, offering services that align with industry demands.

We are proud to be registered with MSME (Registration Number: UDYAM-PB-09-0034859) and have obtained ISO certification (Registration Number: QVA-AMIE-23-3030367). These registrations affirm our commitment to quality and standards.

We are part of prestigious programs such as Microsoft for Startups Founders Hub, Amazon AWS Startups, and MongoDB for Startups. These partnerships have empowered us to deliver high-quality services and create impactful learning experiences for students and professionals.

Our platform offers courses including Web Development, Android Development, and Microsoft Azure Cloud Computing, delivered through live, interactive sessions by industry experts. We have provided industrial training to students from various colleges, including our own.

Given the alignment of Coding Bits with the mission of Panjab University to foster innovation and entrepreneurship, I respectfully request your recognition of this startup. An official acknowledgment from Panjab University would be an honor and an inspiration to other students aspiring to launch their ventures.

Please find attached a detailed brochure outlining the offerings and achievements of Coding Bits.

Warm Regards,
Adarsh Kumar Pandey
Founder & CEO, Coding Bits
Final Year, B.E. in Computer Science and Engineering

About Coding Bits

About Coding Bits

Coding Bits is a cutting-edge tech education platform headquartered in Sector 4, Noida, Uttar Pradesh. Founded in July 2023 by Adarsh Kumar Pandey, a final-year student at Panjab University Swami Sarvanand Giri Regional Centre, Hoshiarpur, Coding Bits aims to bridge the gap between traditional education and the demands of the modern tech industry.

Our Mission:
To empower students and professionals with the skills needed to excel in the rapidly evolving tech landscape.

Our Services:
- Educational Courses: Web Development, Android Development, Microsoft Azure Cloud Computing, and more.
- Live, Interactive Classes: Delivered by industry experts focused on practical, real-world applications.
- Career Support: Resume building, LinkedIn profile enhancement, and exclusive hiring opportunities.

Industrial Training Programs & Partnerships

Industrial Training Programs & Partnerships

Recent Achievements:
- Successfully conducted industrial training for students from various colleges, including Panjab University.
- Focus on practical, hands-on experience to prepare students for real-world challenges.
- Special sessions with professionals from top companies like Microsoft.

Training Programs Offered:
- Web Development Bootcamp: Comprehensive training covering front-end and back-end technologies.
- Android Development Workshop: Equipping students to build robust mobile applications.
- Azure Cloud Computing: Advanced cloud solutions training for the future of IT.

Strategic Partnerships:
- Microsoft for Startups Founders Hub: Partnering with Microsoft to leverage world-class tools and mentorship.
- Amazon AWS Startups: Access to cloud computing resources and support for startups.
- MongoDB for Startups: Collaboration with MongoDB to offer innovative database solutions to our learners.

Why Choose Coding Bits?

Why Choose Coding Bits?

Industry-Relevant Skills:
Courses designed to meet the demands of today's tech industry, ensuring students are well-prepared for their careers.

Expert Mentorship:
Guidance from professionals who are leaders in their fields, helping students navigate their career paths.

Proven Success:
Our previous training programs have received positive feedback, with many students successfully transitioning into industry roles.

Conclusion:
Coding Bits is not just a platform for learning; it is a gateway to a successful tech career. We are committed to the growth and success of our students and look forward to continuing our journey with the support and recognition from Panjab University Swami Sarvanand Giri Regional Centre, Hoshiarpur.
